Head of Academy: Pauline A Carmichael Cert.Ed M.Ed Ad.Dip.Sp.Ed NPQH

Dear Parent

The farm is a unique part of the learning experience at Walton Hall Academy, giving your child the opportunity to work with animals and learn about their care needs. In caring for the animals, students learn practical skills with hands on experience which they can build on and develop over time.

As part of the enrichment offered by the farm, small animals such as rabbits and guinea pigs are occasionally brought into main academy and into classrooms. Walton Hall ensures that suitable risk assessments are undertaken to identify potential hazards and introduce control measures to eliminate or reduce harm at the farm and in the handling of animals.

If there are any additional medical concerns/allergies that could arise from farm visits and contact with animals please make a note on the consent slip below and we will pass these onto the school nurse.

Yours sincerely

Pauline A Carmichael
HEAD OF ACADEMY

.....

I give permission for..... to have access to Walton Hall farm and animals.

Signed(Parent/Guardian)
(person with parental responsibility)

Name of pupil

I would like to add the following information to my child's medical record.....
